PRODUCTS CATALOGUE 2025-26

Drive Clean • Breathe Clean

www.frolicfilters.com

Frolic Filters is a renowned brand under the parent company Sunil Motor company. Sunil Motor company was incorporated in the year 1969. Since our inception five decades ago, we have set a benchmark by providing world-class filtration solutions for both on and Off-highway applications. Having fully equipped set up to cater to the demand for filters of different shapes, profiles, and applications. Frolic Filters manufactures a wide range of products for various applications. We provide the best oil, petrol, diesel, air, and cabin filtration solutions to protect & enhance engine performance and reduce fuel consumption. Frolic Filters has its product development, R&D, and wide presence.

Our proven and time-tested practices are designed to provide the ultimate protection for all engine problems. From Air, Lube, Fuel, Hydraulic, and Water Filtration to Coolants & Chemicals; all of our products have emerged as a symbol of trust. We assure the shortest lead time to our customers for new product development with state-of-the-art facilities and best-in-class technology. Our goal is to develop, produce and market products and services to such a quality that exceeds our customer's expectations and provides a complete solution.

Featuring the widest range of filters, we're speeding forward with the latest addition to our collection.

Helping you breathe
Cleaner Air **15+** Lakh
Vehicles at a time

5 Decades
of **Experience**
in The Industry

Achieving technical mastery and professionalism in engine repair relies on the use of superior-quality products. The Frolic Products range features high-performance filter components engineered to deliver optimal engine functionality and flawless integration, even in the most challenging environments. As engine technology continues to evolve, we consistently uphold the highest standards of quality to meet these advancements. At Frolic Filters, we are dedicated to maintaining our position as the premier authority in aftermarket automotive filtration, offering a diverse selection of premium filters designed to suit all vehicle makes and models.
